Cox, representing the Schuyler Electric Company, the successful bidder for the contract for lighting the city of Lynchburg, having failed to comply with the preliminary conditions of the same in the matter of security, the Council Committee on Light annulled it and on Thursday night entered into a new contract with the Piedmont Electric Illuminating Company, which is now high that city, for a term of two years from December 10th next, with an option of three additional years. The Virginia says: The new lights are to be 140 in number, of 1,500 candle power each, and to be of any system satisfactory to the committee. The price agreed upon is 28 cents per light per night, and the same for any additional lights that the public demand may require.

POLICE REPORT.—Last night was cloudy and mild with two prisoners and one lodger at the station house.
 The Mayor this morning disposed of the following cases:
 John Nightingill, arrested by officers Brenner and Howison charged with shooting a pistol in the street, was fined \$1, and on the charge of an assault with a pistol on a colored girl, was fined \$5.

PAWN BROKERS' STOCK BUSINESS.—Nearly every pawnbroker in Washington has gone out of business, and the three gold balls which have for so many years been familiar to a large class of people have been taken down from over the doors. The new law regulating pawnbrokers went into effect yesterday, and in future the pawnbrokers will do business under a secondhand dealer's license, and now when the young men with a small salary gets hard up he will have to sell his watch or ring instead of getting a loan on it, and "my uncle" will be a thing of the past.

Y. M. S. L.—The Young Men's Sodality Lyceum lecture room in their new building on Duke street, has been finished. It is neatly furnished, and has an organ and piano. The book cases are being gradually filled and the stock of papers and periodicals is increasing. The gymnasium room has been made ready for preliminary sports. The trapeze, rings, and horizontal bars are up. This apparatus will be increased. At the recent meeting of this society those present were treated to some all around boxing contests, some of which were quite lively and exciting set to.

EXCITEMENT.—Ex Police Officer John A. Nightingill, while under the influence of liquor, last night caused considerable excitement by the reckless use of a pistol. In the Market alley he assaulted and shot at a colored girl named Cole, and subsequently, in the western part of the city, he shot at three white boys. Later, while fooling with the pistol, it exploded, and the officer was shot in the hand. He was finally arrested and locked up till this morning, when he was fined.

A DAY FOR DEMOCRACY.—It is understood that the merchants of this city have, with singular unanimity, determined to close their places of business on Tuesday next, in order to give their employees an opportunity to canvass and work for the success of the democratic ticket on that day. This action evidences the sentiment of the business community, and will be productive of much good to the democratic ticket.

Hawkes' Wonderful Glasses.

As we read Mr. Hawkes' testimonials from Governors, Senators, Legislators, men of science and distinguished citizens throughout the United States, who testify to having had their eyes improved, and some restored, by the use of his celebrated glasses, we realize that a glass that will reflect such brilliancy of light as to enable the wearer to see as in youth, and to read for hours either by candle or other artificial light, surely is to be desired by all spectacle wearers.
